

PRUDENCE OKWUBOR

FRONTEND WEB DEVELOPER & UI/UX DESIGNER

ABOUT

I am a frontend web developer and UI/UX designer with a strong focus on creating clean, responsive, and user-friendly digital experiences. I enjoy translating ideas into visually appealing interfaces that are both functional and accessible. With a solid foundation in HTML, CSS, JavaScript, and modern design principles, I pay close attention to layout structure, consistency, and usability. I am constantly learning and improving my skills, especially in responsive design, interaction design, and performance optimization.
